How you can help restore the definition of marriage:

- **Volunteer at www.CatholicsForProtectMarriage.com, the official Catholic coalition for Yes on 8.** Only people who directly sign up will be notified of campaign activities in their parishes and neighborhoods. Help with literature distribution, yard signs, phoning, neighborhood walks, rallies and other projects in parishes and your community.
- **Donate to ProtectMarriage.com online or send contributions to:**

About Proposition 8

Prop 8: “Only marriage between a man and a woman is valid or recognized in California.”

These same words were adopted by 61% of the voters in 2000 and were nullified by the California Supreme Court this year.

Prop 8 restores the definition of marriage by putting it in the State Constitution out of reach of activist judges.

The California Supreme Court’s ruling that created same-sex “marriage” is a threat to every family. It redefines the world’s most child-friendly institution.

Unless Prop 8 passes, children will be taught that same-sex “marriage” is equivalent to marriage, the foundation of the family with a mother and father. This will confuse them about marriage, family and their own future.

Marriage is a natural institution created for us by God. We can verify that by our natural desire for a married mother and father.
